I'm So In Love With You

You give me quite a rush
I want to start anew
You make me giggle and gush
Hey, I'm so in love with you

I'm so in love with you

I was just so and so, just feeling numb
Now I want to fly, that's what I'll do
You make me high, tingle and hum
Hey, I'm so in love with you

I'm so in love with you
